

Practical Prayer Points

- **Pray with honesty.** We need to be utterly open with God and state everything we feel, without pretense. God can sort through our confused prayers, if He needs to.
- **Ask for God's will.** That is the ultimate goal of our prayers, so be confident and acknowledge His ways. Remember that He is present and all-knowing.
- **Trust in God's character.** Our requests should not be conditional upon receiving a 'yes' answer. If God says 'no' or 'wait,' we don't stop serving or loving Him.
- **Dream big.** God doesn't restrict us in what we ask of Him. Think big. Ask big. Doing so doesn't turn God away.
- **Never give up.** This is the most important point of all. Keep persevering in prayer.
