

The Five Fs of Decision Making

1. Faith

Pray and look for answers in Scripture.

Align all decisions with your faith. See James 1:5.

2. Family

Ask how does this affect your family? If you are married, do you and your spouse agree on this decision?

3. Future

Think of the 'Future You' in 10 weeks, 10 months, 10 years. Will you be happy with the decision or regret it?

4. Fulfillment

Your passions and talents give you a clue into what you were made to do. What you are most fulfilled doing? Will this decision bring you feelings of happiness or resentment down the road?

5. Friends

Lean on a few wise counselors, not the crowd on Facebook.
See Proverbs 15:22.

*Bonus tip: If this was your best friend's decision what would your advice be?
