

African Pregnancy Organizations

Application for Benevolent Resources from Focus on the Family

Focus on the Family® lives out its commitment to the Sanctity of Human Life by providing educational resources free of charge to organizations that counsel and educate pregnant women who are at-risk for abortion. To receive benevolent resources, your organization *must* be one of the organization types below.

Step 1: Indicate your type of organization

- Yes No **Pregnancy Resource Centre** (PRC) that administers free pregnancy tests and counsels clients who are experiencing an unplanned pregnancy or who are considering abortion
- Yes No **Pregnancy Medical Clinic** (PMC) that provides the services of a PRC as well as free ultrasound services and/or medical care under the supervision of a healthcare professional
- Yes No **Maternity Home** providing supportive residential services for women who have chosen to carry their baby to term

If you are **not** one of these types of organizations, **stop here**. You are **not** eligible for benevolent resources.

However, we have many free downloadable resources (such as online PDF versions of all of our booklets) available to help you be a voice for life in your church, community, campus or with friends and family on our website at BEaVOICE.net. We also have a **free e-newsletter** for your board members called **Boardlink**, and you can sign up for this at no charge at Heartlink.org. If you wish to purchase pro-life resources, please visit our Family Store online at FocusOnTheFamily.com.

If you ARE one of the qualifying organizations, and if you have **not** previously registered your organization and been approved, here's all we need:

Step 2: Complete the following 2 items

- Letter on your letterhead** A simple request to be added to our benevolent resource program telling us in a couple of sentences what services you offer as a PRC, PMC or Maternity Home
- The information on the form below:**
