

## BE A VOICE FOR **HOPE**

*"From my car, I saw her walk up to the locked abortion clinic, looking confused and upset. 'Do you need some help?' I asked. 'No,' she said, 'It's too late for me . . . they already did the abortion. But I still feel pregnant.' When I told her there was a pregnancy center nearby where she could have an ultrasound, she was relieved. Incredibly, the ultrasound revealed a healthy baby boy — very much alive. 'Only God could do this!' said the overjoyed mom. Five months later, little Alex was born."*

The Lord can bring good out of every "problem" pregnancy. But a big part of that involves His people — people like you.
